Weekly Content Plan & 30 Hook Templates

One live format per week, everything else comes out of it. That's how you produce consistently without having to be creative from scratch every day.

The 1-to-10 principle

SOURCE	BECOMES
1 live / podcast (45 min)	Transcript as the base for everything
	3–5 reels (strongest moments)
	2 carousels (key messages)
	1 newsletter (the depth)
	5 story sequences (questions, polls)
	1 community post (discussion)

Weekly rhythm

DAY	FOCUS
Monday	Live / recording
Tuesday	Editing + captions (or AI-assisted)
Wed – Sun	1 post + stories daily, all pre-scheduled
Friday	Newsletter goes out
Sunday	15 min review: what worked?
